

# REACH: DECLARATION OF COMPLIANCE

UK registration, evaluation, authorisation and restriction of chemicals (REACH) aims to provide a high level of protection of human health and the environment from the use of better and earlier identification of the harmful properties of chemical substances.

Please find below the Candidate List concerning the authentication of this list.

[UK REACH Candidate List](#)

[UK REACH Authorisation List \(Annex 14\)](#)

[Candidate List of substances of very high concern for Authorisation - ECHA \(europa.eu\)](#)

Importers and producers of articles must notify the Agency (HSE) if substances listed on the Candidate list (.xlsx) (the list of substances of very high concern (SVHCs)) are present in their article(s), under certain conditions as laid out in article 7(2):

the substance is present in those articles in quantities totalling over 1 tonne per producer or importer per year; and

the substance is present in those articles above a concentration of 0.1 % w/w.

We are herein declaring that Shearline Precision Engineering Ltd is in pursuance with UK REACH and EU REACH, acts as a downstream user (producer of products), and as such, will fulfil all applicable requirements as specified in the UK REACH and EU Reach Regulations.

The suppliers of our raw material and special processes are obliged, in pursuance with The Candidate Lists to inform us immediately if the delivered raw materials or special processes contain any SVHC (Substances of Very High Concern) above 0.1 percent by mass.

As The REACH UK regulation is updated frequently, for any major changes as the addition of new SVHC substances, Shearline Precision Engineering will evaluate further revision in time and update this declaration as needed for reflecting these changes.
